

SMARTLINE BRANCH

PRODUCT DESCRIPTION

Smartline is made of Polypropylene (PP) with thermoplastic elastomer (TPE) sealing rings, which, due to the construction, always remain securely in place. The result is a perfectly sealed connection that looks smoother and more elegant.

Article no.	Description	Angle	Ø	Ø2	Ø3	Info
70000569	PP SMARTLINE BRANCH 40/40-45°	45 °	40 mm	40 mm	40 mm	2 x TPE seal + spigot
70000570	PP SMARTLINE BRANCH 40/40-90°	87,5 °	40 mm	40 mm	40 mm	3 x spigot
