

# PIPE HDPE PLASTALENE PN12,5 – SDR11 – PE80 COIL

## PRODUCT DESCRIPTION

A reliable supply of potable water is the key to a healthy life. Our PE pipe systems guarantee safe **drinking water distribution** of pure water with top quality.

The right choice of material for potable water pipes is essential for a safe drinking water network. Therefore **HDPE** is the preferred choice of material:

- High chemical inertness: resistant to corrosion
- Resistant to hammering: long service life
- Resistant to wear
- Absorbs stresses caused by soil movement
- Flexible and bendable when laying a difficult pipeline

Pipelife offers **BENOR**-approved pressure pipes made of HDPE (PE100 or PE80) with the **Hydrocheck** certificate and in compliance with **Belgaqua** regulations.

You can weld the HDPE pipes by using mirror welding or electrofusion. At Pipelife, you will find a wide range of fittings.

Material: HDPE

Color: Black

Connection 1: Spigot

Connection 2: Spigot

Coil

O17

Article no.	EAN	Description	Diameter	Length	N° of units
1298334083	5414337006164	HDPE WATER 20x2.0 PN12 PE80 100m	20 mm	100 m	1
1298334093	5414337006225	HDPE WATER 25x2.3 PN12 PE80 100m	25 mm	100 m	1
1298334323	5414337006317	HDPE WATER 32x3.0 PN12 PE80 100m	32 mm	100 m	1
1298334403	5414337006386	HDPE WATER 40x3.7 PN12 PE80 100m	40 mm	100 m	1
1298334503	5414337006447	HDPE WATER 50x4.6 PN12 PE80 100m	50 mm	100 m	1
1298334633	5414337006485	HDPE WATER 63x5.8 PN12 PE80 100m	63 mm	100 m	1
1298334632	5414337006478	HDPE WATER 63x5.8 PN12 PE80 50m	63 mm	50 m	1
