

## HALOVOLT BLACK LF

### PRODUCT DESCRIPTION

HALOVOLT Tube Halogen free, Reinforced Smooth Rigid Pipe – Black – Class 3443

Halovolt is the most fire-safe pipe on the market. It contains 0% halogens. The high-quality raw material used to make Halovolt ensures that no hazardous, toxic substances are released, but also no burning droplets are created. Halovolt has a maximum inner diameter for greater ease of use. The 16mm and 20mm versions have a low friction Topspeed inner layer.

Available in Ø 16 – 20 – 25 – 32 – 40 – 50mm  
RAL 7035 – 9005
