

DRAINFLEX PE WRAPPED COCONUT1000

PRODUCT DESCRIPTION

The Drainflex PE pipe is a KOMO-certified drainage pipe.

Due to the high quality of the material, they have a long durability. The PE pipes are processable at both high and low temperatures. They also have a high drainage capacity and excellent mechanical properties. In addition, these pipes are also recyclable.

The Drainflex in PE is resistant to rough soil conditions and is suitable for draining agricultural land, (sports) fields and industrial sites or can be used in residential projects.
