

PP OD PRAGMA DRAINAGE PIPE WITH GEOTEXTILE FILTER

PRODUCT DESCRIPTION

The product is partially made of recycled PP plastic, making it a sustainable solution by reusing and recycling raw materials. The pipe is characterized not only by its durability, but also by its high mechanical strength. In addition, it has very high chemical resistance to aggressive wastewater and environment in acc. with ISO/TR 10358, as well as resistance to soil and traffic loads.
